To whom it may concern:

Statement: Non-GMO Status

We, BioKyowa, Inc., hereby certify that our product

L-Glutamine

is manufactured by fermentation and is not directly derived from a genetically modified source such as corn or soy bean, etc., and that the product is a highly purified material with assay value of 99.0-101.0%, and no genetically modified materials are added/contaminated after its purification.

From the facts above, EU guidelines for GMO substances (1829/2003 and 1830/2003) shall NOT be applied to the product.

If you have any questions, please let us know.

Sincerely yours,

Michelle Prost
